Press Release

Alexion Acquires All Rights to OMRF Patents Related to Soliris(R)

14 February 2008

CHESHIRE, Conn., Feb 14, 2008 /PRNewswire-FirstCall via COMTEX News Network/ -- The Oklahoma Medical Research Foundation ("OMRF") and Alexion Pharmaceuticals, Inc. ("Alexion," Nasdaq: ALXN) today announced that Alexion has agreed to acquire from OMRF all rights to certain patents related to complement-inhibition technology.

Background

The patents cover inventions made by OMRF in the 1980s relating to the treatment of complement system mediated disorders, to which Alexion has had limited rights as a licensee since the inception of the company. In the 1990s, Alexion began programs to create and develop monoclonal antibodies capable of blocking the body's complement system. One result of these Alexion programs was the development of Soliris(R), which was approved for marketing by the U.S. Food and Drug Administration and by the European Commission during 2007. Soliris(R) (eculizumab) is a complement inhibitor product developed and marketed by Alexion for the treatment of paroxysmal nocturnal hemoglobinuria ("PNH"), a rare, debilitating and life-threatening disease.

"Soliris opened a major new therapeutic avenue for patients with PNH, and the scientists at Alexion had to overcome tremendous obstacles to make this treatment a reality," said OMRF President Stephen Prescott, M.D. "I am proud that Peter Sims, M.D., Ph.D., and Therese Wiedmer, Ph.D., while working as scientists at OMRF and in their subsequent careers, had the opportunity to contribute to bringing this much-needed treatment to patients suffering from a life-threatening disease."

"Complex scientific breakthroughs are often built by combining research advances from different sources," said David Keiser, President and Chief Operating Officer of Alexion. "OMRF is widely respected for its technological accomplishments, and we thank the OMRF team for its contributions to the development of our anti-complement technology."

Under an agreement recently executed by the two organizations, Alexion will pay OMRF \$10 million to acquire all rights and interests to the patents, in various amounts to be remitted in 2008 and the first half of 2009. No further amounts, including royalties, will be owed to OMRF in respect of sales of Soliris or other use of the OMRF patents. Accordingly, the previously announced claims filed by OMRF and counterclaims filed by Alexion in the U.S. District Court for the Northern District of Oklahoma will be dismissed.

ARTICLE III

LICENSE AND ASSIGNMENT

3.1 License Agreement — Termination. The Parties hereby terminate the License Agreement upon payment of the First Fee, provided in Section 4.1(a)(i), and release each other from any and all claims and obligations arising under the License Agreement before the date of such termination. To the extent that Yale University or any other third party claims any rights under the License Agreement, OMRF agrees to release and indemnify Alexion from any joint or several liability that may exist.

3.2 New License. OMRF hereby grants ALEXION an exclusive, royalty-free, sublicensable worldwide license to the Patent Rights to research, develop, make, use, practice, market, sell, and commercialize Licensed Products and Licensed Processes (the "New License"). The term of such license shall expire immediately upon the earlier of (i) the date of the Assignment pursuant to Section 3.3, or (ii) default by ALEXION of its payment obligations under Section 4.1. For the avoidance of doubt, during the term of the New License, OMRF agrees that OMRF or any OMRF Affiliate shall not sue ALEXION or any ALEXION Affiliate for infringement of the Patent Rights as a result of ALEXION or any ALEXION Affiliate making, using, selling,

5

offering for sale, or importing any Licensed Products or Licensed Processes in the Territory.

3.3 Assignment. Subject to the terms and conditions of this Agreement, OMRF hereby agrees to assign all rights, titles and interests in the Patent Rights to ALEXION immediately upon payment in full of the Settlement Amount (see 4.1(a)), together with any interest owed thereon pursuant to Section 4.1(b). Such Assignment shall be effective immediately upon Alexion's payment of the Settlement Amount ("Assignment Date"), and shall be memorialized by the parties in a form substantially similar to the Assignment set forth as Exhibit 4. OMRF agrees to cooperate with ALEXION to ensure the Assignment is effective and properly filed with the United States Patent and Trademark Office. OMRF agrees that within 10 days of the Assignment Date, OMRF will transfer to ALEXION all prosecution files concerning the Patent Rights. Alexion acknowledges that the federal government may retain certain rights pursuant to 37 CFR 401.

3.4 Promptly upon execution of this Agreement, OMRF shall seek the consent of the National Institute of Health ("NIH") to the Assignment. If as of July 1, 2009, NIH has failed to consent in writing to the Assignment, and provided that ALEXION pays the Settlement Amount in full with interest in accordance with Section 4.1, OMRF shall promptly enter into a written License Agreement that continues the New License in effect for perpetuity and also includes any and all provisions that Alexion reasonably requests in good faith. Such written License Agreement shall, among other things, include provisions to put ALEXION in a position vis a vis the Patent Rights that are as close as possible to make the New License equivalent to an assignment of the Patent Rights (e.g., consent by OMRF to cooperate and sign any documents reasonably requested by ALEXION regarding the prosecution, maintenance, enforcement and sublicensing of the Patent Rights or assignment of the New License, without further consideration to OMRF and with choice of law and venue determined by ALEXION). Under such circumstances, the total Settlement Amount shall be reduced by \$275,000 as further described in Section 4.1.

3.5 No Implied Rights. No right or license is granted by implication, estoppel, or otherwise to any know-how, patent, or other intellectual property right owned or controlled by OMRF or its Affiliates other than as expressly provided in this Agreement.

ARTICLE IV

PAYMENTS AND ROYALTIES

4.1 Fees.

(a) In consideration for the license granted to ALEXION by OMRF under Section 3.2, the Assignment to be made by OMRF pursuant to Section 3.3, and the Parties' fulfillment of their other obligations and undertakings under this Agreement, and subject to the provisions of Section 3.3, ALEXION shall pay to OMRF \$10,000,000 (the "Settlement Amount"), plus interest in accordance with Section 4(b), if any, in the following manner:

6

(i) within ten (10) days after the Effective Date, ALEXION shall make a cash payment by wire transfer to OMRF of at least \$3,000,000 (the "First Fee");

(ii) subject to Section 4.1(b) and provided the Settlement Amount has not been paid in full, on or before December 31, 2008, ALEXION shall make one or more cash payments by wire transfer to OMRF in an amount equal to at least \$7,500,000 minus the First Fee actually paid by ALEXION pursuant to Section 4.1(a)(i) (the "Second Fee"); and

(iii) subject to Section 4.1(b) and provided the Settlement Amount has not been paid in full, on or before July 1, 2009, ALEXION shall make one or more cash payments by wire transfer to OMRF in an amount equal to at least \$10,000,000 minus the First Fee and the Second Fee actually paid by ALEXION pursuant to Section 4.1(a)(i) and (ii) respectively (the "Third Fee"); provided further that the Third Fee will be reduced by \$275,000 in the event that NIH fails to consent in writing to the Assignment as of July 1, 2009.

The Parties acknowledge that ALEXION may pay the Settlement Amount in full at any time prior to July 1, 2009, subject to Section 4.1(b), provided however that this will not impact OMRF's right to continue to seek NIH approval for the assignment through July 1, 2009 and its right to the full Settlement Amount, as provided for in section 4.1(a).

(b) If ALEXION pays the Second Fee and the Third Fee on a date after the date of payment of the First Fee (the "First Fee Payment Date"), Alexion agrees to execute the Promissory Note in the form attached hereto at Exhibit 5, with interest accruing on such unpaid amount commencing on the First Fee Payment Date through and until the date such portion of the Settlement Amount is paid, at the Interest Rate. ALEXION shall pay OMRF by wire transfer accrued interest on any unpaid portion of the Settlement Fee simultaneous with payment of each portion of the Second Fee and the Third Fee. Interest owed hereunder shall be calculated on the basis of the actual number of days elapsed in the period for which the calculation is being made, based upon a 365 or 366-day year.

(c) In the event of a Change in Control of ALEXION or a Bankruptcy of ALEXION, and provided the licensing rights granted hereunder have not terminated, any unpaid sums of the First Fee, Second Fee, and Third Fee shall become immediately due and payable to OMRF upon consummation of such Change in Control or Bankruptcy.

4.2 Default. If ALEXION does not pay the First Fee, the Second Fee or the Third Fee within sixty (60) days after OMRF delivers written notice to ALEXION that such payment is overdue under Section 4.1(a), then OMRF may terminate this Agreement and upon ALEXION's receipt of written notice of termination, the Patent Rights shall revert to OMRF, ALEXION's licensing rights hereunder (including without limitation the New License) shall terminate, this Agreement shall terminate, and the 1992 License Agreement shall be reinstated. OMRF shall be entitled to keep all payments received under this Agreement even if Alexion is in default and the Patent Rights revert back to OMRF due to said default.

7

4.3 Tax Withholding. Alexion shall deduct all taxes from payments hereunder that are required to be withheld pursuant to applicable law or regulations. ALEXION shall (i) promptly notify OMRF of any such requirement for withholding tax, (ii) remit such amount to the proper tax authorities and (iii) provide OMRF with the necessary tax receipts in a timely manner.

ARTICLE V

CONFIDENTIALITY/PRESS RELEASES

5.1 Press Releases. Neither Party shall issue a press release or other public announcement concerning this settlement until execution of this Agreement. The Parties will either issue a mutual press release or coordinate the timing of separate press releases. OMRF may, in its publications and presentations, state that OMRF scientists have made significant contributions to the development of Soliris®.

ARTICLE VI

(d) OMRF does not own or control any patents or patent applications (excluding any Patent Rights) that cover or would be infringed by Alexion's manufacture, use, sale, offer for sale or commercialization of Soliris®; and

(e) Notwithstanding the foregoing, ALEXION acknowledges that OMRF's ability to assign the Patent Rights is subject to consent of NIH pursuant to 35 U.S.C. 202(c)(7), and OMRF warrants that it will utilize its best efforts to acquire such consent as promptly as reasonably possible.

8

Sims or Therese Wiedmer alleging an interest in the Patent Rights, the License Agreement, or any payments made pursuant to this Agreement.

6.4 ALEXION Indemnification. ALEXION hereby agrees to defend, hold harmless and indemnify OMRF, its Affiliates, and their agents, directors, officers and employees from and against any and all Third Party suits, claims, actions, demands, liabilities, costs, damages, fees, expenses and/or losses, including without limitation reasonable legal expenses and attorneys' fees (collectively "Third Party Claims"), resulting from (a) a breach by ALEXION of any of the provisions of this Agreement, or (b) the manufacture, use, sale, importation or exportation of Licensed Product by or on behalf of ALEXION or its Affiliates, its partners or sublicensees, including, without limitation, product liability or other claims.

6.5 Limitation of Liability. Except for obligations under sections 6.3 and 6.4, in no event shall either Party, its directors, officers, employees, agents or affiliates be liable to the other Party for any indirect, incidental, special, exemplary or consequential damages, whether based upon a claim or action or contract, warranty, negligence, strict liability or other tort, or otherwise, arising out of this agreement.

9

6.6 Limited Warranty. Except for the warranties provided by OMRF in section 6.1 and ALEXION in section 6.2, each party disclaims all other warranties, express or implied, and specifically, without limitation, any warranty of merchantability or fitness for a particular purpose.

ARTICLE VII

INTELLECTUAL PROPERTY PROVISIONS

7.1 Opposition, Reexamination and Reissue. Each Party shall notify the other of any claim of infringement, invalidity or unenforceability, or any certification which it has received pursuant to 21 U.S.C. §§ 355(b)(2)(A)(iv) or (j)(2)(A)(vii)(IV) or its successor provisions or the foreign equivalent thereof relating to a Licensed Product or Licensed Process and shall provide the other with a copy of such claims or certifications within five (5) days of receipt. ALEXION shall have the first option but not the obligation to prosecute any such action filed with regard to Licensed Products and Licensed Processes. OMRF shall cooperate fully at ALEXION's request and at ALEXION's expense in any such action, including consenting to being joined as a party if necessary in any such action.

7.3 Maintenance of Patents. Until assignment of the Patent Rights pursuant to Section 3.3 or entry into the written license agreement described in Section 3.3, OMRF shall at its cost maintain the Patent Rights.
